10/05/2009		Toyota Motor Sales, USA, Inc.	Manufacturer Safety recall issued - NHTSA #09V388 - Recall #90L SAFETY RECALL 90L - POTENTIAL FLOOR - MAT INTERFERENCE WITH ACCELERATOR PEDAL - Status: Remedy Available  Locate an authorized <a href="#">Toyota dealer</a> near you to schedule an appointment - <a href="#">Learn more about this recall</a>

**Description:** Toyota is recalling certain model year 2004-2010 passenger vehicles. The accelerator pedal can get stuck in the wide open position due to its being trapped by an unsecured or incompatible driver's floor mat.

A stuck open accelerator pedal may result in very high vehicle speeds and make it difficult to stop the vehicle, which could cause a crash, serious injury or death.

**Remedy:** Toyota filed an amended defect report on November 25, 2009, stating that dealers will modify the accelerator pedal and, on certain vehicles, alter the shape of the floor surface under the pedal. These changes address the risk of pedal entrapment due to interference with the floor mat. Redesigned accelerator pedals will become available beginning in April 2010 and dealers will replace any modified pedal with the new pedal if desired. Also, dealers will replace any genuine Toyota or Lexus all-weather floor mats with redesigned all-weather mats, or repurchase the previous mats from owners who do not want the new ones. Additionally, software modifications will be installed on Camry, Avalon and Lexus ES 350, IS 350 and IS 250 models that will ensure that the brake overrides the accelerator in the event both brake and accelerator pedals are applied. Toyota will begin mailing letters to owners on December 31, 2009. Owners may contact Toyota at 1-800-331-4331, Lexus at 1-800-255-3987.

11/16/2009		Georgia Motor Vehicle Dept. Dacula, GA	Registration issued or renewed - Vehicle color noted as Black
03/31/2010	27,326	Service Facility Buford, GA	 Vehicle serviced - Idle control valve/motor replaced - Body electrical system checked - Engine/powertrain computer/module checked
11/04/2010		Georgia Motor Vehicle Dept. Dacula, GA	Registration issued or renewed - Vehicle color noted as Black
03/04/2011		Toyota Motor Sales, USA, Inc.	Manufacturer Safety recall issued - NHTSA #11V148 - Recall #B0B SAFETY (NON-COMPLIANCE) RECALL B0B - - CERTAIN 2008 THROUGH 2011 MODEL YEAR LAND CRUISER, - SEQUOIA, TACOMA AND TUNDRA VEHICLES EQUIPPED WITH - TOYOTA-RECOMMENDED LIGHT TRUCK TIRES AND TRD - ACCESSORY WHEEL - Status: Remedy Available  Locate an authorized <a href="#">Toyota dealer</a> near you to schedule an appointment - <a href="#">Learn more about this recall</a>

**Description:** Toyota is recalling certain Model Year 2008 through 2011 FJ Cruiser, Land Cruiser, Tacoma, Sequoia and Tundra vehicles for failing to comply with the requirements of Federal Motor Vehicle Safety Standard no. 138, Tire pressure monitoring system (tpms), when factory-installed wheels and tires were replaced with Toyota authorized accessory wheels and tires prior to first sale, the tire pressure monitoring systems were not re-calibrated correctly and therefore do not start illuminating the low tire pressure warning telltale at the required minimum activation pressure.

Failure to warn of tire deflations is a non-compliance with FMVSS 138 and could lead to tire failure increasing the risk of a crash.

**Remedy:** For the Land Cruiser, Sequoia, Tacoma and Tundra vehicles, the dealer will re-calibrate the tire pressure monitoring system (TPMS) on affected vehicles and install an updated tire and loading information label at no charge. For the FJ Cruiser vehicles, the TPMS cannot be reset so the electronic control unit (ECU) for the TPMS will be replaced. If an owner is not certain whether his or her vehicle is equipped with these accessories, please contact any Toyota dealer for an inspection at no charge. The safety recall began on March 31, 2011. Owners may contact Toyota at 1-800-331-4331.

11/08/2011	43,960	Georgia	Passed emissions inspection

10/10/2012		Toyota Motor Sales, USA, Inc.	<b>Manufacturer Safety recall issued</b> - NHTSA #12V491 - Recall #C0M SAFETY RECALL C0M REMEDY NOTICE - - MULTIPLE MODELS AND MODEL YEARS - POWER WINDOW - MASTER SWITCH (PWMS) - Status: Remedy Available  Locate an authorized <a href="#">Toyota dealer</a> near you to schedule an appointment - <a href="#">Learn more about this recall</a>
<p><b>Description:</b> Toyota is recalling certain Model Year 2007-2009 Camry, Camry Hybrid, RAV4, Corolla, Corolla Matrix, Tundra, Sequoia, Highlander, Highlander Hybrid, Yaris, Scion xB, Scion xD and Pontiac Vibe vehicles. The power window master switch assemblies in some of these vehicles were built using a less precise process for lubricating the internal components of the switch assemblies. Irregularities in this lubrication process may cause the power window master switch assemblies to malfunction and overheat.</p> <p>If the switch overheats, it may melt, possibly resulting in a fire.</p> <p><b>Remedy:</b> Toyota will notify its owners, and dealers will inspect the switch and apply a special grease that inhibits heat build up or replace any switch damaged by the defect, free of charge. Toyota owners that experience a problem with a switch should not attempt to make repairs, but should contact their Toyota dealer or the Toyota customer experience center at 1-800-331-4331. General Motors will contact the Pontiac Vibe owners affected by this recall and GM dealers will inspect and repair switches as necessary. Those owners may contact Pontiac customer care at 1-800-762-2737.</p>

Glossary

**First Owner**

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

**Manufacturer Recall**

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

**New Owner Reported**

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

**Ownership History**

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

**Title Issued**

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

**Toyota Recall / Service Campaign**

Portions of this report have been included under license from Toyota Motor North America, Inc. ("TOYOTA"), License Agreement TMS1013. This data applies only to vehicle marketed or originally sold in Mexico and the United States of America, including Guam, Saipan, American Samoa, Puerto Rico, the U.S. Virgin Islands and the other United States territories and protectorates with currently open safety or emissions recalls, or service campaigns. While TOYOTA provides data to Carfax Inc. on a regular basis, this report may not include very recent activity. For the manufacturer's most current information on recall/campaign activity for any Toyota, Lexus or Scion brand vehicle, you must go to <http://toyota.com/recall> or <http://lexus.com/recall>.
