No photos right now. Probably can snap some today. They are mounted on the truck and in extremely good condition. Black textured powder coat. SHipping will probably be in the \$6-10 range and you will need to ship your existing parts back to me immediately to 07044. That is the deal with this transaction.

Please send photos if you can and let me know if you can fit into a small USPS flat rate box. I will return OEM style the following day.

These should fit into a small ExpressMail box without issue. Give me an email address to send pictures.

Sorry. Fell off the radar. I'll pull them today or tomorrow and see how bad the hatch is without them.

Hatch closes and stays closed fine without them in place. Please give me a call when you can.
