Title:

ENGINE COOLANT COLOR CHANGE

Models:

**'02 Japan Built 4Runner, Camry, Celica,
Corolla, ECHO, Land Cruiser, MR2 Spyder,
Prius, RAV4 & '03 Corolla**

PG010-02

PRODUCT GENERAL INFORMATION

Introduction A new pink colored LLC is being phased into production for all 2002 Japan Built Toyota models. The color change does **not** affect the maintenance procedures or intervals established for the red coolant. The new pink coolant is 100% compatible with the current red coolant and red coolant **can** be used to replace, top off, or mix in with the pink coolant with no adverse effects.

- Applicable Vehicles**
- **2002** model year **Japan Built** vehicles including 4Runner, Camry, Celica, Corolla, ECHO, Land Cruiser, MR2 Spyder, Prius, and RAV4.
 - **2003** model year **Japan Built Corolla** vehicles.

NOTE:

Japan built vehicles can be identified by the "J" that is the first digit of their VIN number.
