### EXPLANATION:

Based on information obtained from the On-Board Diagnostic (OBD) system, this vehicle has failed due to a problem with the pollution control system. To continue with the inspection process, the pollution control system should be repaired and the vehicle reinspected. Fault Codes stored on the OBD system are listed above to assist in repairing the vehicle.

Based on information obtained from the On-Board Diagnostic (OBD) system, the system is not ready to determine the status of the pollution control system on this vehicle. To continue with the inspection process, the vehicle's OBD system must be ready for testing upon reinspection. See the vehicle owner's manual for information on "OBD/Readiness Driving Procedures" or contact your vehicle service provider.
