GAMBLES FOLLIES

IT'S OUR FOLLY—WE'RE OVER BOUGHT—LACKING SPACE CREATES
OUR LOSS, A GAIN FOR YOU—A SHOW OF SENSATIONAL SAVINGS!

Curious up ... Here it is! The super-sensational saving show of the year ... "Gambles Follies" or "The Merchandise of which there is too much." The characters ... (and they sure are all our buyers, who, as usual, gazed the market of all the best ... and the fact that we haven't room for it all indicates they may be right ...
 Critics say they bought too much ... and the fact that we haven't room for it all indicates they may be right ...
 Any how folks ... showtime is here ... We've caught without our costumes. The first act begins and it's a tear jerker for us. However, a good cry is a good cure! We're just admitting that now's a time to get it out of our system. The 2nd act is full of mystery. No murdering butlers, no corpses ... just the ghosts of profits we might have made and didn't. You'll never guess how we could still stay in business with these low prices. The whole thing is a Comedy of Savings making the situation a farce. The cues are quick, the action speeded. It's a short show, but loo-o-ong on value. There's not room for everyone ... so come early ... you'll roll in the aisle and sing: "so low ... so low ... so low" (about the prices).
 The spotlight's on "Gambles Follies" and the punch line is YOUR PROFIT!!
